Request For Proposal (RFP)
2026 FIXED BROADBAND PROJECT
LOTs 1 & 2
PROVISION OF FIXED BROADBAND CONNECTIVITY AND POWER SUPPLY (BCSP)

The National Information and Communications Technology Authority (NICTA) invites experienced and qualified Internet Service Providers and power-system contractors to submit proposals for two separate RFPs under the 2026 Fixed Broadband Connectivity Project in Hela Province.

Lot and RFP reference	Project sites in Hela Province
LOT 1 UAS26-RFP-FBBL1-BCSP-v3	Pai Hope Institute; Hela Provincial Administration Buildings – Hela 1 and Hela 2; St Joseph's Tari Secondary School.
LOT 2 UAS26-RFP-FBBL2-BCSP-v3	Habare Secondary School; Hoiebia Secondary School; Dauli College of Higher Education.

Scope of works Design, supply, deliver, install, test and commission fixed broadband, campus Wi-Fi and sustainable power systems, with a 24-month broadband subscription, training and handover. Solar power covers broadband and Wi-Fi equipment only. Complete works within two months of contract commencement, unless otherwise approved in writing.

RFP issue date 10 November 2026. RFP documents and submission requirements are available at www.nicta.gov.pg or uas.nicta.gov.pg.

Mandatory bid document fee K250.00 non-refundable for each RFP. Pay to the UAS Trust Account: BSP, Account Name: UNIVERSAL ACCESS AND SERVICE, Account No. 7009664546. Attach a clear deposit slip or electronic transfer receipt to the relevant proposal. Failure to provide acceptable payment evidence may render a proposal non-responsive.

Proposal requirements Submit complete technical and financial proposals, site-specific designs and delivery plans, experience, warranties, support, mandatory registrations/licences, six months of bank statements and required declarations. Include all freight, insurance, mobilisation and last-mile delivery costs in the main price; state recurrent subscription charges separately.
